## Career Objective

---

Goal-oriented and passionate Java Full Stack Developer skilled in designing, developing, and deploying scalable web applications using Java, Spring Boot, REST APIs, Angular, and MySQL. Adept at building robust backend systems and dynamic user interfaces. Eager to contribute to innovative engineering teams, solve real-world problems, and grow in a challenging full-stack development role.

## Technical Skills

---

**Frontend:** HTML, CSS, JavaScript, TypeScript, JSP, Bootstrap, Angular

**Backend:** Core Java (OOP, Collections, Multi-threading), JDBC, Servlets, Hibernate (ORM), Spring (IoC, AOP, MVC), Spring Boot, REST APIs

**Database:** MySQL, SQL

**Tools:** Git, GitHub, Postman, Maven, Eclipse, VS Code

## Projects

---

### Job Connect – Job Board Management System [API] Jul 2025

- Developed a robust backend system for managing job postings, applications, companies, and applicants.
- Implemented role-based architecture by mapping users with applicants and companies.
- Impact: Streamlined hiring workflow for companies and job seekers, boosting data consistency and reducing duplicate applications.
- **Tech Stack:** Java, Spring Boot, REST APIs, MySQL, Maven

### Student Orbit – Attendance Automation System [API] [UI] Mar 2025

- Developed a RESTful Spring Boot API for automated student attendance management.
- Improved backend efficiency by 30% using optimized Hibernate queries.
- Designed a responsive Angular frontend for an intuitive user experience.
- Impact: Replaced manual registers, increasing tracking accuracy by 60%.
- **Tech Stack:** Java, Spring Boot, Hibernate, REST APIs, MySQL, Angular, Maven

### Crew Connect – Employee Management System [API] Jan 2025

- Engineered a modular HR system with features like payroll, attendance, and employee records.
- Designed a modular monolithic architecture to ensure clean separation of concerns and future scalability.
- Impact: Enhanced HR efficiency by 50% while ensuring compliance and data integrity.
- **Tech Stack:** Java, Spring Boot, Hibernate, REST APIs, MySQL, Maven

## Education

---

<b>Lovely Professional University</b>	<b>Aug 2019 – Sep 2023</b>
<i>B.Tech in Computer Science and Engineering</i>	<i>Jalandhar, Punjab</i>

## Extracurricular Activities

---

<b>Dragon Club – Lovely Professional University</b>	<b>Aug 2019 – Jun 2021</b>
<i>Head Event Coordinator</i>	

- Organized various E-Sports and Cultural Events, enhancing overall student involvement.
- Organized large-scale EDM Night and Musical Concerts; managed logistics and promotion.

## Certifications

---

<b>Full Stack Java Development – The Kiran Academy</b>	<b>Aug 2024 – Mar 2025</b>
--------------------------------------------------------	----------------------------

<b>Java Programming – Cipher School</b>	<b>Jan 2022 – Mar 2022</b>
-----------------------------------------	----------------------------
