Career Objective

Goal-oriented and passionate Java Full Stack Developer skilled in designing, developing, and deploying scalable web applications using Java, Spring Boot, REST APIs, Angular, and MySQL. Adept at building robust backend systems and dynamic user interfaces. Eager to contribute to innovative engineering teams, solve real-world problems, and grow in a challenging full-stack development role.

Technical Skills

Frontend: HTML, CSS, JavaScript, TypeScript, JSP, Bootstrap, Angular
Backend: Core Java (OOP, Collections, Multi-threading), JDBC, Servlets, Hibernate (ORM), Spring (IoC, AOP, MVC), Spring Boot, REST APIs
Database: MySQL, SQL
Tools: Git, GitHub, Postman, Maven, Eclipse, VS Code

Projects

Job Connect – Job Portal Web Application [API] [UI]   Jul 2025
- Developed a web application for managing job postings, applications, companies, and applicants, featuring a robust backend system and an interactive frontend interface.
- Implemented role-based architecture by mapping users with applicants and companies.
- Simplified hiring for companies and job seekers, improving data consistency and application management.
- **Tech Stack:** Java, Spring Boot, REST APIs, Angular, MySQL

Student Orbit – Attendance Automation System [API] [UI]   Mar 2025
- Developed a RESTful Spring Boot API for automated student attendance management.
- Improved backend efficiency by 30% using optimized Hibernate queries.
- Designed a responsive Angular frontend for an intuitive user experience.
- Impact: Replaced manual registers, increasing tracking accuracy by 60%.
- **Tech Stack:** Java, Spring Boot, REST APIs, Angular, MySQL

Crew Connect – Employee Management System [API]   Jan 2025
- Engineered a modular HR system with features like payroll, attendance, and employee records.
- Designed a modular monolithic architecture to ensure clean separation of concerns and future scalability.
- Impact: Enhanced HR efficiency by 50% while ensuring compliance and data integrity.
- **Tech Stack:** Java, Spring Boot, Hibernate, REST APIs, MySQL, Maven

Education

Lovely Professional University   **Aug 2019 – Sep 2023**
B.Tech in Computer Science and Engineering   *Jalandhar, Punjab*

Extracurricular Activities

Dragcon Club – Lovely Professional University   **Aug 2019 – Jun 2021**
Head Event Coordinator
- Organized various E-Sports and Cultural Events, enhancing overall student involvement.
- Organized large-scale EDM Night and Musical Concerts; managed logistics and promotion.

Certifications

Full Stack Java Development – The Kiran Academy   **Aug 2024 – Mar 2025**

Java Programming – Cipher School   **Jan 2022 – Mar 2022**
